# ULTIMATE CONVENIENCE AT YOUR FINGERTIPS

Our direct vent gas fireplaces offer two Exclusive Signature Command™ Systems.

Discover the level of control that's right for you!

#### Signature Command™ System

An A/C adaptor is included; however, unlike competing control systems that require A/C to function, the Signature Command™ System can be installed where no power is available, making it more convenient than ever to enjoy the fire.

#### Featuring:

- ON/OFF 3-step variable flame height adjustment
- Automatic, uninterrupted battery back-up during power outages
- Pilot selection option choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

#### Total Signature Command™ System

Enjoy the convenience of a technologically advanced and energy efficient fireplace control system!

#### Featuring:

All of the features included with Signature Command™ System

#### PLUS:

- Smart Mode® thermostat for enhanced energy efficiency it automatically adjusts flame height and/or blower to maintain the desired temperature, using only the energy it needs to help save on fuel costs.
- TSFSC Full Function Touch Screen remote control
- Rear burner shut down feature lowers heat output as much as 70% for ambiance when heat is not needed (on select fireplaces)
- A/C accessory model for added control features, like household lighting, waterfall feature, and more!

Remotes and thermostats are available for all models for added convenience.

Touch screen hand held ON/OFF remote. A Touch Screen remote comes standard with Total Signature Command™ models.

Thermostat ON/ OFF remote control with 3-step flame height adjustment and 3-step blower control with receiver.

Programmable wireless wall thermostat with receiver.
